

SPECIFICATION AMENDMENTS:

Amend the second full paragraph on page 14 of the specification to read as follows:

Thus, after the front stretchable multilayer member 17A is cut along the cutting lines ~~10~~ 18 in an urgent situation, and one or both of first and second cut segments 17A-1, 17A-2 of the front stretchable multilayer member 17A are opened rightwardly and/or leftwardly as with the disposable pant illustrated in FIG. 7B to allow a wearer to discharge his/her urine or the like in the state after the abdominal-side front zone P is opened, the cut segments 17A-1, 17A-2 can be temporarily engaged together by the mechanical fastener 11 to reconstruct a pant-like configuration and maintain it until the disposable pant 15C is changed to new one, as shown in FIG. 9B.
